TLC Connect membership card preview

The TLC Connect programme offers membership exclusively to TLC students, parents and staff with entitlement to discounts and other benefits from local businesses in Peyia, Agios Georgios as well as Paphos and surrounds.

TLC enjoys support from local businesses with strong links being forged over the years. Partners within the TLC Connect Programme want to encourage participation in local attractions and amenities in return for the benefits offered to our school.

So, whether you have been a TLC parent or staff member for many years, or have just recently joined the school, we hope this card will provide your family with further opportunities to explore and enjoy life in the beautiful Paphos region.

***If you have not done so already, you can collect your TLC Connect card from the school reception whenever is convenient for you.***

Kids Meditation

### Children's Meditation

Mindfulness meditation is a mental training practice that teaches you to slow down racing thoughts, let go of negativity, and calm both your mind and body. Children are uniquely suited to benefit from mindfulness practice. Habits formed early in life will inform behaviours in adulthood, and with mindfulness, we have the opportunity to give our children the habit of being peaceful, kind and accepting. Mindfulness can offer children relief from whatever difficulties they might be encountering in life, helping to relieve stress and anxiety, and to promote happiness.

### Crystal Healing

Crystal healing is a treatment using crystals to restore the body's energy centres and attain an overall level of well-being, relaxation and centredness.
